

God Comes to Work Calmly

1. Remember the last time Jesus whispered into your mind at work. What did He say?

2. How do you best hear Jesus' whispers?

What is one thing you can do to listen better?

3. When did Jesus last neutralize your pride? What "new life" emerged?

4. What is "truth" have you noticed lately that needs Jesus' calming touch?

5. What aspect of your work seems dead right now?

How are you praying about it?
