

Your Faith Positive Achievement Prescription

- 1. Name one aspect of your work reality that you want redefined, no matter how impossible it appears to you, right now.**

**What spiritual dream will be fulfilled for you once this reality redefines?
Increased faith? Greater joy at work? More love for God and others?**

- 2. When did you “make a mistake,” learn from it, and course correct your work to a positive outcome?**

Think of a recent “mistake.” How will you course correct it?

- 3. Who is someone you know or have read about who was tempted to give up, but didn’t, and achieved positive results?**

Tell yourself that person’s story right now.

- 4. Who is someone you want to work with?**

How will you contact that person for a meeting—phone? Email? Letter?
